Help shape impact investing in Australia *2026 Benchmarking Impact Survey*

Impact Investing Australia, in partnership with the UNSW Centre for Social Impact, invites you to contribute to the 2026 Benchmarking Impact Survey – a key national study informing the future of impact investing.

Your input will help shape the *Benchmarking Impact: Australian Impact Investor Insights, Activity and Performance Report 2026* – Australia's most comprehensive view of market activity, sentiment and performance.

Why participate?

- Help build the most current national evidence base on impact investing
- Strengthen market insights on performance, allocations and impact outcomes
- Support better policy by identifying barriers and opportunities for capital flow
- Contribute to a growing sector now exceeding \$157 billion in Australia

Who can participate

- Whether you are an investor (acting or emerging), adviser, intermediary, fund manager or part of the broader ecosystem, your views and perspectives are important to this research.

What to expect

- 20–30 minutes to complete
- Confidential and ethics-approved
- Open across all asset classes and impact themes

 [Complete the survey here](#)

Your participation will directly shape national insights and support the continued growth of impact investing in Australia.

Thanks for your contribution.
